

**CONTROLLED ASSESSMENT 2017-18**  
**BUSINESS STUDIES – Year 10**

<b>Which parts of the course are under controlled conditions?</b> None of the Y10 work is under controlled conditions.
<b>How many hours are devoted to each task?</b> n/a
<b>When will these take place within the year?</b> n/a
<b>What percentage of the course are these aspects worth?</b> n/a
<b>Any other relevant information?</b> n/a

**CONTROLLED ASSESSMENT 2017-18**  
**BUSINESS STUDIES – Year 11**

<b>Which parts of the course are under controlled conditions?</b> Unit 3 – Investigating Business
<b>How many hours are devoted to each task?</b> <b>Research and Planning:</b> Up to eight hours will be allocated for candidates during the research & planning phase <b>Final Presentation:</b> Candidates will spend three hours, in <b>High Control</b> , writing up their findings. This time may be divided into more than one session.
<b>When will these take place within the year?</b> <b>Research &amp; Planning</b> will begin December 2017 until February 2018. The <b>Final presentation</b> will be completed in February 2018.
<b>What percentage of the course are these aspects worth?</b> 25% of the overall GCSE Grade
<b>Any other relevant information?</b> The Investigation is based on Unit 1 work studied throughout Year 10. The basis of the task is to advise a small local business. This year pupils have been asked to investigate how e-commerce might improve the performance of a small business.

**CONTROLLED ASSESSMENT 2017-18**  
**CHILD DEVELOPMENT – Year 10**

<p style="text-align: center;"><b>Which parts of the course are under controlled conditions?</b></p> <p style="text-align: center;">There is one controlled assessment in year 10 which is a research topic selected by the exam board.</p>
<p style="text-align: center;"><b>How many hours are devoted to each task?</b></p> <p style="text-align: center;">7-10 hours are devoted to this controlled assessment</p>
<p style="text-align: center;"><b>When will these take place within the year?</b></p> <p style="text-align: center;">This will begin in the last term of year 10</p>
<p style="text-align: center;"><b>What percentage of the course are these aspects worth?</b></p> <p style="text-align: center;">50%</p>
<p style="text-align: center;"><b>Any other relevant information?</b></p> <p style="text-align: center;">Intervention available in supervised time after school.</p>

**CONTROLLED ASSESSMENT 2017-18**  
**CHILD DEVELOPMENT – Year 11**

<p style="text-align: center;"><b>Which parts of the course are under controlled conditions?</b></p> <p style="text-align: center;">There is one controlled assessment in year 11 which is a child study which is under controlled conditions.</p>
<p style="text-align: center;"><b>How many hours are devoted to each task?</b></p> <p style="text-align: center;">The child study is completed under supervision within the classroom and should occupy approximately 20 hours of supervised time.</p>
<p style="text-align: center;"><b>When will these take place within the year?</b></p> <p style="text-align: center;">This will begin at the start of year 11 and run through until the beginning of the next year.</p>
<p style="text-align: center;"><b>What percentage of the course are these aspects worth?</b></p> <p style="text-align: center;">This is worth 40% of the controlled assessment and is out of 60 marks.</p>
<p style="text-align: center;"><b>Any other relevant information?</b></p> <p style="text-align: center;">Intervention is available to support pupils after school under the supervised time.</p>

**NEA CONTROLLED ASSESSMENT 2017-18**  
**GSCE COMPUTER SCIENCE – Year 10**

**Which parts of the course are under controlled conditions?**

None of the Y10 work is under controlled conditions. All NEA (non-examined assessment) is completed in Y11. The NEA brief is only released in September 2018.

**How many hours are devoted to each task?**

N/A

**When will these take place within the year?**

N/A

**What percentage of the course are these aspects worth?**

N/A

**Any other relevant information?**

The NEA element is worth 20% of the overall GCSE Compute Science grade. Pupils should prepare for the NEA by practising their programming skills throughout Y10 both during dedicated programming lessons and as part of their homework.

**NEA CONTROLLED ASSESSMENT 2017-18**  
**GSCE COMPUTING – Year 11**

**Which parts of the course are under controlled conditions?**

The J276 programming project will be completed under high controlled conditions and is an independent piece of work.

**How many hours are devoted to each task?**

J276 Programming Project – 20 hours of high control supervision.

**When will these take place within the year?**

All pupils will complete the J276 programming project after October half term during lesson time (1 to 2 lessons per week until completion – Feb half term).

Deadline for final submission is Friday 16<sup>th</sup> February 2018.

**What percentage of the course are these aspects worth?**

J276 – programming project (Python) – 20% of the overall grade

**Any other relevant information?**

The NEA guidelines from the exam board are very strict and NEA lessons MUST be administered under high control supervision (similar to external exam conditions). All pupils will be given information on what they can and cannot do during these sessions and the rules that they MUST adhere to. (See information on SMHW and exam board website [www.ocr.org.uk](http://www.ocr.org.uk))

Pupils who are absent from any NEA lessons will have to reschedule that time after school. As there are strict controls to how the NEA sessions run this will be arranged in discussion with the class teacher and Head of Faculty.

**CONTROLLED ASSESSMENT 2017-18**  
**GCSE Dance – Year 10**

<b>Which parts of the course are under controlled conditions?</b>
Component 1: Performance of the Set Phrases
<b>How many hours are devoted to each task?</b>
One half term per set phrase (4 in total.) Under the guidance of a teacher, the student will have the choice of which 2 to perform.
<b>When will these take place within the year?</b>
Summer Term: July (Performed individually to camera)
<b>What percentage of the course are these aspects worth?</b>
Component 1: Performance of the Set Phrases 15%
<b>Any other relevant information?</b>
Intervention sessions with teacher support are vital. There is a requirement to attend 3 intervention sessions/ Rehearsals per half term in order to develop bodily skill and memory. These run weekly on Wednesdays 3-4.30pm. Pupils *are* still permitted to practice/work on ideas for all pieces at home, outside of the controlled hours.

**CONTROLLED ASSESSMENT 2017-18**  
**BTEC Dance – Year 11**

<b>Which parts of the course are under controlled conditions?</b>
Unit 2: Preparation, Performance and Production Unit 1: Individual showcase
<b>How many hours are devoted to each task?</b>
Unit 2: 30 Guided Learning hours Unit 1: 30 Guided learning hours
<b>When will these take place within the year?</b>
Unit 2: September- December 2017 Unit 1: January- April 2018
<b>What percentage of the course are these aspects worth?</b>
Unit 2: 25% Unit 1: 25%
<b>Any other relevant information?</b>

**CONTROLLED ASSESSMENT 2017-18**  
**GRAPHIC DESIGN – Year 10**

**Which parts of the course are under controlled conditions?**

The Controlled Assessment forms 50% of the course. You will choose a project theme that is set by the exam board and work on this in class.

**How many hours are devoted to each task?**

You will spend approximately 35 hours on the Controlled Assessment.

**When will these take place within the year?**

You will start the Controlled Assessment in June 2018 [Year 10]. You will continue to work on it during Year 11

**What percentage of the course are these aspects worth?**

The Controlled Assessment forms 50% of the course.

**Any other relevant information?**

The written exam forms 50% of the course. You will spend approximately 39 hours on learning the relevant theory this year and completing past papers.

**CONTROLLED ASSESSMENT 2017-18**  
**GRAPHIC DESIGN – Year 11**

**Which parts of the course are under controlled conditions?**

The Controlled Assessment forms 60% of the course. You will choose a project theme that is set by the exam board and work on this in class.

**How many hours are devoted to each task?**

Controlled Assessment = Approximately 45 hours in class

**When will these take place within the year?**

You will work on the Controlled Assessment from the start of Year11 until the end of February 2017.

**What percentage of the course are these aspects worth?**

The Controlled Assessment forms 60% of the course.

**Any other relevant information?**

The written exam forms 40% of the course. You will spend approximately 25 hours on learning the relevant theory this year and completing past papers.

## CONTROLLED ASSESSMENT 2017-18

### CiDA ICT – Year 10

#### **Which parts of the course are under controlled conditions?**

The CiDA CA is completed under medium controlled conditions. There are elements of group work, peer feedback and research; however, the final CA project is an independent piece of work.

#### **How many hours are devoted to each task?**

There are 90 guided learning hours allocated to the CiDA ICT CA project.

#### **When will these take place within the year?**

These hours take place in Y10 during normal lesson times. Pupils are prepared for the CA task then will work independently in a specified CA lesson that counts towards the 90 allocated hours.

#### **What percentage of the course are these aspects worth?**

The CA project is worth 75% of the overall GCSE ICT grade.

#### **Any other relevant information?**

All CA project work will be completed in both Y10 and in Y11.  
Pupils are strongly advised to attend the KS4 ICT workshop(s) on Wednesday/Thursday after school in room 15 if they feel that they are behind in any of their CA work.

## CONTROLLED ASSESSMENT 2017-18

### GCSE ICT – Year 11

#### **Which parts of the course are under controlled conditions?**

The GCSE ICT CA is completed under medium controlled conditions. There are elements of group work, peer feedback and research; however the final CA project is an independent piece of work.

#### **How many hours are devoted to each task?**

There are 40 medium controlled hours allocated to the GCSE ICT CA project.

#### **When will these take place within the year?**

All pupils have completed most of their 40 hour allocation for the GCSE ICT CA project in Y10 and are currently working on the theory work for their written exam during lesson times. Pupils can still update any part of their completed CA project in-line with teacher feedback; however this would need to be done in the KS4 ICT workshop after school as there is no more lesson time allocated to the CA project.

#### **What percentage of the course are these aspects worth?**

The CA project is worth 60% of the overall GCSE ICT grade.

#### **Any other relevant information?**

Pupils are strongly advised to attend the KS4 ICT workshop(s) on Wednesday/Thursday after school in room 15 if they wish to finish off or amend any part of their completed CA project.

**CONTROLLED ASSESSMENT 2017-18  
GCSE PHYSICAL EDUCATION – Year 10**

<b>Which parts of the course are under controlled conditions?</b> On-going practical assessment. Students are required to be assessed in <b>three</b> different activities
<b>How many hours are devoted to each task?</b> 1hr per week
<b>When will these take place within the year?</b> All Year
<b>What percentage of the course are these aspects worth?</b> 30%
<b>Any other relevant information?</b> Of the three activities, one of these assessments must be in a team activity, one assessment must be in an individual activity, with the third assessment being in either a team or individual activity.

**CONTROLLED ASSESSMENT 2017-18  
GCSE PHYSICAL EDUCATION – Year 11**

<b>Which parts of the course are under controlled conditions?</b> Ongoing practical activities (Students assessed in <b>three</b> different activities) but also a written piece of work on ' <b>Performance Analysis</b> ' which includes analysis and evaluation of a sports performance.
<b>How many hours are devoted to each task?</b> Practical Assessments – 1 hr per week until April Analysis and Evaluation – 1hr per week for 3 weeks
<b>When will these take place within the year?</b> Practical Assessments – All Year until April Analysis and Evaluation – Autumn Term
<b>What percentage of the course are these aspects worth?</b> 3 Sports worth 30% / Performance Analysis 10%

**Any other relevant information?**

Students are required to analyse and evaluate a performance to identify two strengths and two weaknesses. They then need to produce an action plan that suggests ways to improve upon the two weaknesses that they have identified as part of their analysis.

**CONTROLLED ASSESSMENT 2017-18  
PRODUCT DESIGN – Year 10**
