USING TASSOMAI

Some of our pupils are already using the Tassomai app/webpage but it may be worth others looking at this software which can be used to top up/test learning in English, Maths and Science. It is primarily designed for KS4 pupils but KS3 users can find benefits in it also.

Please be aware that the content is not set by our teachers – it is automatically generated. Neither are our teachers monitoring activity at this point unless classes have been told as such by their subject teacher.

Also understand that, as per the instructions below, *you* choose the classes you are in. <u>Where the class does not have an English or Maths code it is a Science class.</u>

Instructions for how to log in are as below and it may be worth watching the following two videos to see how Tassomai works:

https://www.youtube.com/watch?v=1lV4TiQ8Bjo (an overview - this refers to Tassomai as being for GCSE Science but it has grown since this video was made)

https://www.youtube.com/watch?v=gfgC86NUQeg (a student guide)

Instructions for New Students

- Visit app.tassomai.com/signup
- Enter your school's unique code: **GD64OQIB**
- Enter their details
- Choose the correct class from the dropdown menu
- Start doing four daily goals per week!

Instructions for Returning Students

- Login to Tassomai using the same details as last year
- Choose the correct class from the dropdown menu
- Start doing four daily goals per week!
