

Excellence in Pupil Development Award Objectives

EPDA

promoting
positive
behaviour
and attitudes

1

Commitment

The school demonstrates a commitment to promoting positive personal skills development and conduct by working towards achieving the Excellence in Pupil Development Award (EPDA)

2

Effective plans

The school has in place robust systems and policies to monitor and improve pupils' personal skills, including their behaviour and attitudes

3

Curriculum

The school's curriculum to support pupil's personal development and skills is planned through the key stages and meets the needs of pupils

4

Professionals

The school actively enlists the support of professionals and agencies linked to national and international organisations to strengthen its provision for pupils' personal development

5

Behaviour

The school promotes pupil's positive behaviour and attitude towards one another and their learning

6

Attendance and punctuality

The school promotes good attendance and punctuality to school

7

CPD

The school commits to training and developing its staff to fully support pupils' personal skills for life and development

8

Local community

The school works with the local community and parents to support the school's commitment to developing pupils' skills for life, including their conduct and attitudes
