

Lyfta Overview and Planning

What is Lyfta?

Lyfta is an award-winning immersive learning platform where teachers can easily build or curate powerful, interactive and curriculum-aligned lessons that **bring learning to life.**

Lyfta helps educators to engage and inspire digitally-native children and young people; foster critical skills and values for navigating our changing world; and broaden horizons by giving **children and young people opportunities to see beyond their everyday realities.**

- Lyfta invites students to experience **different cultures and perspectives.**
- It gives them the opportunity to see and connect with **positive human stories from around the world** - modelling resilience, problem-solving, teamwork, and many other critical skills, values and competencies.
- Lyfta helps teachers nurture the **global citizens of tomorrow.**

Lyfta offers a series of immersive learning environments called storyworlds, where students can explore real life human stories through stunning 360° environments, high quality films and digital content.

The interactivity and immersive nature of the content, the powerful human stories, and the carefully designed tasks and activities, combine to create truly unique, compelling and impactful learning experiences.

Why are We using Lyfta?

Powerful real human stories

Students experience different perspectives and have human encounters they might not otherwise be able to have

World class documentary films

Powerful short documentary films by award-winning filmmakers from around the world.

Innovative and engaging

Interactive and immersive technology creates deep engagement and an emotional connection with the content
