**Bitesized Task Revision Plan**

# Year 8 Autumn Assessments

## Assessment Information

In each academic subject, students will complete an Assessment. Assessments in the Autumn Term will take place throughout the term. Students will sit their subject assessments in classrooms during the Assessment Window. Assessments will take place in the first lesson during the Assessment Window unless teachers give advanced notice of a change. Please refer to the timetable below.

Questions set will be based on the material they have been taught this year at Bridgewater High school. Assessments offer students and staff the opportunity to assess how well taught material has been embedded in the long-term memory. Knowledge and understanding from prior learning can enable future learning to be built upon at greater depth. Identifying weaker areas of remembered content aids our staff in building retrieval activities in their forthcoming curriculum.

Students and parents will receive feedback after the Assessments have been marked by our staff. You will receive a full report by email in the week commencing 15<sup>th</sup> December. The Progress Report will contain the Assessment Mark as well as an indicator of Effort, Progress and Concerns.

This Information Pack provides independent revision activities for each academic subject. We strongly encourage your child to make use of this information.

<b>Subject</b>	<b>Assessment Window</b> The assessment will take place in the first lesson of the week if a subject has more than one lesson during the week. (unless you have specifically been told otherwise by your teacher)
