

Subject Workshops at Bridgewater High School For Students in Years 5 and 6

You are invited to **Bridgewater High School** to enjoy a series of after school workshop sessions in a range of exciting subjects.

There are seven workshops to choose from, each delivered over three consecutive, weekly sessions., sessions will run from 3.30 to 4.15pm

After-school sessions are open to all Y5 and Y6 pupils with an interest in, Maths, Computer Coding, Science, English, Geography, History or French.

Each workshop will run three times during the year, over three different time phases (see table below for more details). This allows the opportunity to experience more than one subject area.

To secure your place, please check the workshop dates on the table below and choose up to THREE workshops that interest you using our registration form

[CLICK HERE TO COMPLETE REGISTRATION](#)

Each workshop has capacity for 20 pupils except for Coding, which is limited to 10 pupils per workshop – **FIRST COME, FIRST SERVED!** Families will be notified of their child’s workshop invite details in the week beginning 2nd March 2026 so please keep an eye on your emails.

Registration closes on
Friday
27th February 2026

Please see the table on the next page, for further details about each workshop.

Computer Coding*			

	<p><u>Forensic Science (Mondays)</u> Can you help to solve the mystery? Experience how scientists help detectives in crime solving completing Science investigations along the way!</p>
	<p><u>French (Mondays)</u> Jump into our lively French workshop, where you'll learn to describe pets—real or wildly imaginary—while exploring colours, numbers, and plenty of playful language twists. Get ready to test your tongue with fun French twisters and discover just how entertaining learning a new language can be.</p>
	<p><u>Maths (Mondays)</u> Dive into a fast-paced maths adventure at Bridgewater High, packed with relays, code-cracking, and detective-style challenges. Discover how exciting teamwork and creative problem-solving can be as you race to solve a mysterious crime and see just how awesome maths really is!</p>
	<p><u>English (Tuesdays)</u> Step into our fantasy workshop, where you'll dream up your own mythical creature and plunge into a magical world of adventure. Unleash your imagination as you craft a gripping survival story that brings your enchanted realm to life.</p>
	<p><u>Computer coding (Mondays)</u> Discover how to use simple coding that can spark big inventions as you experiment with our microbits!</p>
	<p><u>History (Tuesdays)</u> Join us for fun and creative workshops where we will use artefacts and personal stories linked to the First World War to find out how war can shape lives. We will investigate unsung heroes and engage with craft activities linked to these stories.</p>
	<p><u>Geography (Thursdays)</u> Set off on a whirlwind tour of the planet's greatest natural wonders, from the towering heights of Everest to the thunderous power of Niagara and Victoria Falls. Dive into epic landscapes like the Grand Canyon, the Great Barrier Reef, Table Mountain, Guanabara Bay, and the mighty Amazon to discover just how awe-inspiring our world can be.</p>
